

## Substitute for the GWRRA Classroom for use with a “Range Only” Course

Many of you are having issues with keeping members current in their Levels due to the “Full Course” requirements needed every other renewal. Of course, the best way to handle this is to have more “Full GWRRA Courses.” We also know that this is not feasible in all Districts. There is a solution to this issue.

The Motorcycle Safety Foundation (MSF) offers an online module; “Street Strategies eCourse.” This online module will fulfill the requirement for a classroom and when combined with an acceptable “Range Only” course will then count as a “Full” course in the Levels.

**The “Rules” for this will be that the member completes the module within 30 days either before or after of the “Range Only” course and presents the certificate they receive to the District Educator.**

This eCourse can be found at [www.msf-usa.org](http://www.msf-usa.org). It does cost \$19.99 and will take a total of about 3 hours to complete.

To enroll:

Go to [www.msf-usa.org](http://www.msf-usa.org)

Click on “Students”

Scroll down to the “Street Strategies eCourse”

Click “Enroll Now”

Fill out the form, MSF will send you a confirmation so you may get started

When finished, be sure to print the Completion Certificate to send to your District Educator.
